A GROWING NEWSPAPER IN A GROWING COMMUNITY

Keeping a weather ear to the wind, we learn there'll be plenty of October's bright blue sky — concealed by fog in a.m.

Volume 52, Number 45 — CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA — Thursday, October 2, 1947

Our Town

By Peggy Blanchard ....

All's well with the world this morning. The Campbell Press landed rightside up in the new telephone directory along with its neighbors.

Some 95 new names and numbers (the figure is our own estimate and anything but official) take their place in the telephone list this October. Here's our "hello" to all of them and to the "new" folks in the Campbell district's 1000 or so homes built in the last severals years.

We like being newtimers here. ourselves, for the oldtimers arc so friendly to us- - -

* * *

We share the bustle and excitement of publication this week with the term's first issue of Campus Echo, the Campbell Union High School paper, directed by Mrs. Louise Tordt and edited by her journalism pupils who are getting their first injections of printer's ink in our shop.

These youngers, nearly 35 of them, have chosen a high calling and some day the freedom of the press will be theirs to guard—good luck—and don't forget to use your dictionaries!

* * *

Three weeks from Friday, Mrs. T. A. Lawrence plans to leave for her former home in England where she will join her sons at Rosedene, Battlebarrow, Appleby, in Westmoreland county. She has made her home in California for 17 years and in Campbell for four years. Her journey will take her southward across the United States for visits with friends on her way to embark on the Media at New York early in November.

Population Note: Santa Clara County Health department informs us that 146 births were recorded in the county rural areas during August. Rural areas include Campbell at present; the total compares with 142 for towns in the county, not including San Jose.

Ladies Night At Kiwanis

Ladies Night was observed by Kiwanis members Tuesday evening when the ladies were guests at a turkey dinner given in the Country Women's hall. The meeting was in charge of Ethan Lanphear, who gave the theme as "A trip to Guatemala.' Budd Levenberg also spoke on a recent visit to Guatemala City and showed motion pictures taken on the trip.

Rev. Robert Carlson gave a cornet solo and he and Rev. Lawrence Osborne took turns in leading community singing. Mrs. Grey Parker sang a solo, and two duets were sung by Mrs. Parker and Rev. Osborne. Mr. and Mrs. Parker were guests at the meeting.

The next meeting will be a night meeting at the Budd Levenberg home.

Chest Drive Starts Oct. 6

Have you ever stopped to think how the Community Chest effects your family? Or have you, like thousands of others, figured you were giving to a worthwhile charity and let it go at that. Let us say now that your Community Chest is not a charity bu a chance for you to participate in a worthwhile community service.

Although forty cents of each Chest dollar goes to agencies serving our boys and girls, it is not charity. The Camp Fire Girls, the Girl Scouts, Catholic Women's Center, The Ys, are not "charities." They serve everybody. Your library gets a large amount to help keep you supplied with books. The children in school get an opportunity to get help through provision of milk, etc.

Sit down today and figure out your fair share in this worthwhile community project and then when your neighbor, who has donated his of her time, comes to your door give with the thought that you are helping either your own or your neighbor's family.

The Chest Headquarters during the drive will be at the water company's office, thanks to Ralph Hyde for his generosity and time. There will be a meeting at the high school, room 20, at 2, p.m., October 3, to receive papers and last minute instructions.

All are welcome.

GUILD TO MEET

Group Three of the Congregational Curch. Women's Guild, will meet at the church next Thursday, Oct. 9 at 1:30 p.m.

Chamber Of Commerce To Hold A Special Meeting Wednesday Night

Wednesday night at 7:30, Campbell Chamber of Commerce will hold a special meeting to discuss matters regarding the possible incorporation of the town. The meeting will be held at the Little Theater, Campbell High school building. Everyone interested in this issue, which is assuming an important topic of conversation, is urged to attend. Matters of property assessment, taxation, police and fire proection will be discussed. According to Ira Grim, president, many people who were against the plan to incorporate at the last voting have expressed a desire to hear a discussion of the Lynch report.

Mr. Lynch will again be present to clarify his report, and to offer an impartial viewpoint, gained from his experience in studies made of other areas having the same proposition to come before their people. His statistics have been gathered from county tax records, his experience in San Jose city government, and his on-the-ground studies of cities which have incorporated within the past few years. A record turnout is expected for this meeting.

Youth Rally Set For Sunday

Miss Phyllis Johnson of Piedmont, will be the speaker at an interdenominational youth rally to be held at the Saratoga Federated Church of Saratoga, Sunday, Oct. 5. Afternoon services will be held from 4 to 5:30 o'clock with a social hour from 5:30 to 6:30 under the direction of Art Tindall of the Methodist church, vice principal of Campbell Union Grammar school.

Groups from the Campbell Methodist and Congregational churches have already made arrangements to attend the rally. Miss Johnson was a delegate at the world conference of Christian youth which was held at Oslo, Norway, during the summer.

A supper will be held after the social hour and before an evening service. The rally is sponsored by The United Council of Church Women.

New Sanitation District Asked

Formation of Sanitation District No. 4 under the proposed Hyde-Sullivan county-wide sanitation plan, was asked by representatives of Campbell, Saratoga, Los Gatos and other west side areas at a meeting in the Los Gatos Town Hall Tuesday evening.

Charles De Selle, representing the Campbell delegation, stated that the Campbell area is looking to the future when the Campbell disposal contract with San Jose expires. At the same time, Campbell is not in the position to float another bond issue as the $180,000 bonds for building the present system are not yet paid off. Dean George L. Sullivan of the University of Santa Clara School of Engineering, stated that it would be possible, under the law, for the district to purchase Campbell's facilities or for San Jose to purchase part of the collection line if portions of the territory served by the line should be annexed by San Jose, or for the district to take over outstanding indebtedness of the Campbell district.

Where To Vote October 7 On Dam Bonds

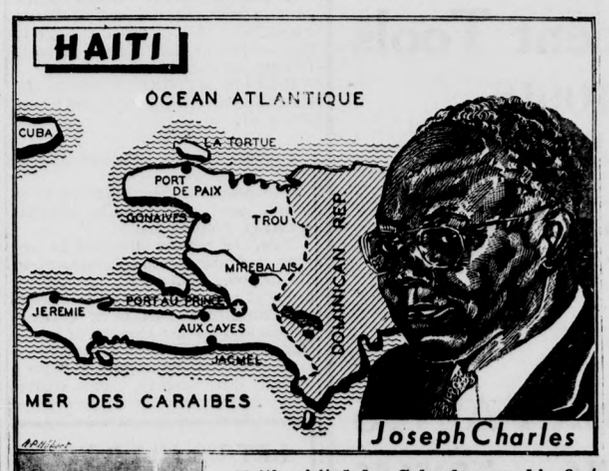
All registered voters are urged to turn out Tuesday, October 7, to vote on the proposed Lexington dam bonds. Polls will be open from 7 a.m. to 7 p.m. Following is the list of polling places:

Consolidated precinct No. 49, including Campbell districts 1, 2, 4, 5 and 6, will vote at the Campbell Library hall.

Consolidated precinct No. 50, Campbell districts 3 and 7, and including Vineland oN. 1 and parts of Vineland No. 4 and 6, will vote at the Campbell Union high school.

Consolidated precinct No. 51, including Union districts 1, 2, 5 and part of 4, will vote at the Union schoolhouse.

U.N. Facts and Faces . . . . . HAITI



Haiti, visited by Columbus on his first voyage of discovery in 1492, shares the Caribbean Island of Hispaniola with the Dominican Republic. In her early history a French colony, Haiti still retains the French language in a largely Spanish-speaking area. Her principal industries are agricultural and many important products are taken from her semi-tropical forests. Haiti's chief seaport is her capital, Port-au-Prince, on a west coast harbor. The Republic's permanent representative to the United Nations is her ambassador to the United States, Joseph D. Charles. Her flag has blue and red horizontal stripes, with the country's crest set against a white background in the center of the banner.

First Anniversary For Hardware Firm Owners

Cel Gerevas and Norman Corvello of the Campbell Hardware observed their first anniversary as owners of the store on October1.

The two men, who came here from San Francisco where they had been connected with the Baker, Hamilton wholesale hardware firm for a number of years, have found that ownership of the Campbell Hardware store has been a pleasure as well as profitable. Gerevas had been with the San Francisco firm for 24 years and Corvello for 12 before coming to Campbell. They have made many friends during their year here and hope to make many more in the years to come.

The Campbell Hardware was formerly owned by J. C. Agostinho, who was in business for five years before going into the real estate field. At one time Agostinho and Joseph Leverton were partners, Leverton having bought the store in 1939.

The store was orginally opened by C. H. Whitman in 1900 and hardware store has been in that same location since that time except for a few years following Whitman's death. T. A. Robinson, who is still connected with the store, has been a clerk in the firm during practically all of the time it has been opened, having started under Whitman.

THE LYNCH REPORT ON PROPOSED INCORPORATION OF CAMPBELL

Following is the complete report of John J. Lynch, consultant on municipal affairs, who was engaged by the Campbell Chamber of Commerce to make a study of conditions affecting the incorporation issue of Campbell.

Mr. Lynch was present to read his report, and to answer queries on the subject at Wednesday nights Chamber meeting. The meeting was attended by approximately fifty citizens who asked informal questions, and found ready and intelligent replies from Mr. Lynch. No decisions were reached at the conclusion of this meeting, it being decided to hold another meeting Wednesday night, when it is expected more people can be present to discuss the subject.

A STUDY BY JOHN J. LYNCH, PUBLIC ADMINISTRATION CONSULTANT FOR THE CHAMBER OF COMMERCE OF CAMPBELL, CALIFORNIA

PURPOSE OF STUDY

To present an impartial analysis of factors pertinent to a determination of whether the community of Campbell should incorporate.

In this study—

"Campbell" means the unincorporated territory it is proposed shall be incorporated.

"County" means the County of Santa Clara.

"1945-46" means the fiscal year beginning July 1, 1945, and ending June 30, 1946.

"1946-47" means the fiscal year beginning July 1, 1946 and ending June 30, 1947.

"1947-48" means the fiscal year beginning July 1, 1947, and ending June 30, 1948.

"1948-48" means the fiscal year beginning July 1, 1948, and ending June 30, 1949.

The question is frequently asked: 'Of what advantage is it to the people of a community having a population of approximately 3,250, to incorporate as a city?

Among those who ask the question are many who are inclined to measure any advantage that might be gained in dollars and cents and then offset it by the dollars and cents they would have to pay as city taxes.

It is impossible to measure the advantages of incorporation in the terms of finance alone, just as it is impossible to measure the value that education confers upon the human race by the cost of maintaining schools.

It is a well-known fact that the bringing together of a number of people in the form of a social body begets certain necessities which are peculiar to that very circumstance. One man does not require a sewer system, but such a facility becomes a necessity when a community is established and a great many people begin living in close physical relationship.

A community is like an organism, an entity having its own existence to take care of irrespective of the individual wishes of its constituent members. Its needs must be satisfied, otherwise it will cease to thrive and grow. It will become anaemic, so to speak, and finally retrograde. The question then for a community to determine is this: Are our community necessities being fully provided? If not, how can they be provided and at what cost?

Assessed Valuation:

CAMPBELL

1946-47 (estimated)	$2,000,000
1947-48	2,694,880
1948-49 (estimated)	3,250,000

COUNTY TAX RATE

1946-47—$1.78	Yielding (stimated)	$35,600
1947-48—$1.75	Yielding	$47,159

Governmental services and the cost thereof that Campbell received for taxes and subventions received by the County from Campbell are as set forth on pages E, F, G and H of the Preliminary Budget of the County for 1947-40. If per capita cost of any service, other than Building Inspector, Constable, Justice Court, Planning Commission, Sheriff and Surveyor, is desired, divide total service cost by 229,000, estimated population being iserved in 1946-47.

Campbell received in 1946-47 the following governmental services from the County, which would not have been rendered if incorporated:

	Per Capita Cost	Total Value
Building Inspector	$0.46391	$1,501.37
Planning Commission	0.26232	852.54
Sheriff	1,06383	3,457.48
Surveyor	0.49689	1,614.89

Further, $7,103.03 was expended by the County in Campbell on improvement of the following streets: Alice Way, Budd Avenue, Campbell Avenue, Central Avenue, Dillon Avenue, El Patio, Esther Way, Gilman Avenue, Hamilton Avenue, Harrison Avenue, Hedegard Avenue, Kennedy Avenue, Latimer Avenue, Maple Avenue, Milton Avenue, Ninna Avenue, Poplar Avenue, Railway Avenue, Rincon Avenue, Rosemary Lane, Sunnyside Avenue, and Third Street.

In 1945-46, $27,841.38 was expended by the County in Campbell for controlling the flood waters of the Los Gatos Creek and $6,622.71 for the maintenance of streets.

The following streets in Campbell have had budgetary approval for improvement by the County in 1947-48:

Central Avenue, $25,000; Hamilton Avenue $25,000; Latimer Avenue $5000; Santa Clara-Los Gatos Road $6000.

Table showing subventions received by the County in 1946-47 from Campbell and what Campbell would have received in 1946-47 if incorporated prior to July 1, 1946. (Computed on a population of 100,421 in unincorporated area of County, and a population of 3,250 in Campbell):

	County	Campbell
Motor Vehicle In Lieu Tax	$ 6,389.79	$3,905.00
Motor Vehicle Registration Fee	4,528.03	Nil
Motor Vehicle Fuel Tax	20,046.52	2,988.00 (major streets)
		2,988.00 (state hiways)
Alcoholic Beverages Control Act	450.00	450.0

Table showing subventions (estimated) Campbell could expect in 1947-48, computed on population of 3,250, if incorporated prior to July 1, 1947:

Highway Users Tax (Assembly Bill No. 46, Chap. 46, 1947)	$5,959.00
Motor Vehicle In Lieu Tax	5,898.00
Alcoholic Beverage Control Act	900.00

COUNTY PUBLIC LIBRARY

Tax Rate—1946-47—$0.0325	1947-48—$0.0274	
Yielding	$650.00	$738.38

If Campbell incorporates, there need be no change in present status of County Public Library unless Campbell elects to establish and maintain a municipal public library.

Horse Show At Salinas

Quarter Horses will take over the California Rodeo Grounds at Salinas, October 25-26. Plans for the third annual Pacific Coast Quarter Horse association fall meet are well under way, according to Frank Vessels, president of the association, who says that Suarter Horse racing is sweeping the state.

Lester Stirling of Salinas, chairman of the arrangements committee, reports that in addition to a full card greeding classes and the working events which demonstrated the versatile ability of the Quarter Horse to thousands of spectators at the spring show in Los Angeles, there will be added other working events and a card of nine races for "non-starters", animals previously unclassified on the track. Five races will be held for animals which have an A.Q.R.A., classification.

Breeding and working horses will be judged by Jess York, well known Albuquerque, New Mexico horse fancier.

Horse owners interested in showing at the fall show at Salinas are requested by Frank Vessels to write immediately to the Pacific Quarter Horse associatoin for entry blanks and detailed information. Address of the association is 2650 Cherry Ave. Long Beach 6, Calif.

Tax Payers Must Pay In San Jose

The long-time custom established the Tax Collector of Santa Clara County of collecting taxes in the outlying towns on designated days during November has come to an end.

For many years Tax Collector Roy P. Emerson used the ocal Bank facilities for one or two days where the local people could pay their taxes directly without necessitating their going to the Office in San Jose or mailing same. But, due to the crowded conditionss in in the Banks throughout the County, these same facilities are not available this year and as a consequence this custom must be abandoned.

Some people were of the opinion that the collections could be made in some place other than a Bank, but Emerson stated he felt that it was not a good practice to transport such a large amount of cash to and from the Office; whereas with a Bank the cash could be converted into a Cashier's Chech and returned to the Treasury in that form.

For those who do not wish to come to the Office in San Jose to make their payment, it is an easy matter to mail their check, and should they not have a checking account, a Postal Money Order, or Bank Check, may be enclosed for payment.

Emerson also stated that should conditions in the Banks change, and if their facilities are agair available, the practice will be resumed in the futrue.

9—All labor to receive time and one-half for overtime, double time on holidays, unless otherwise specified. The hourly wage prescribed hereinabove is the diem rate divided by the aforementioned number of hours constituting a working day.

10—Any person making a bid or offer to perform the work, shall, in his bid or offer, set forth the name and the location of the mill, shop or office of each subcontractor who will perform work or labor or render service to the contractor in or about the construction of the work or improvement and the portion of the work which will be done by each subcontractor.

11—If a contractor fails to specify a subcontractor for any portion of the work to be performed under the contract, he shall be deemed to have agreed to perform such portion himself, and he shall not be permitted to subcontract that portion of the work except under conditions hereinafter set forth.

12—No contractor whose bid is accepted shall, without the consent of the awarding authority, either;

(a) Substitute any person as subcontractor in place of the subcontractor designated in the original bid or

(b) Permit any subcontract to be assigned or transferred or allow it to be performed by anyone other than the original subcontractor, or

(c) Sublet or subcontract any portion of the work as to which his original bid did not designate a subcontractor.

13—Subletting or subcontracting of any portion of the work as to which no subcontractor was designated in the original bid shall only be permitted in cases of public emergency or necessity, and then only after a finding reduced to writing as a public record of the awarding authority setting forth the facts constituting such emergency or necessity.

14—The Board of Trustees of the Campbell Union Elementary School District reserves the right to reject any and all bids and/or waive any irregularity in any bid received. Unless otherwise required by law, no bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Washington MERRY-GO-ROUND

DREW PEARSON

IN THE U. N. SPOTLIGHT

WASHINGTON.—Two men hold the spotlight at sessions of the general assembly of the United Nations in New York. They are:

Oswaldo Aranha of Brazil, ex-gaucho, ex-foreign minister and best champion of the United States in South America.

Herbert Evatt of Australia, great champion of small nations, twister of the Soviet tail, and an original architect of the Nnited Nations.

Although General Marshall and the Russians retain the power, Aranha and Evatt represent the hopes and dreams of millions that someone may lead the world away from the widening chasm that yawns between the communist and capitalist worlds of U.S.S.R. and the U.S.A.

Aranha, who served as president of the United Nations assembly at its special Palestine session, is so strongly pro-American that it has hurt him in Brazil.

No ordinary diplomat, Aranha chafes at delay, has been the only man able to put Soviet Ambassador Gromyko in his place. In New York last winter Gromyko would keep the U. N. council waiting a full hour, arrived whenever he felt like it. Courteous U. S. delegate Warren Austin patiently waited. But not Aranha. When it came his turn to preside over the council, Aranha delayed not one minute for the trady Russian.

AUSTRALIA'S EVATT

Evatt, the other outstanding diplomat in New York, is equally pro-American, equally anti-Russian, very much the champion of the smaller nations. At San Francisco it was Evatt who foresaw the damger of what now has nearly wrecked the United Nations — the veto. He fought it to the bitter end, was just as much the critic of the United States on this point as he was of Russia.

At the Paris peace conference. Evatt was fighting side-by-side with Jimmie Byrnes against the Soviet's sabotaging tactics. In fact, Evatt sometimes seemed to be goading Byrnes into action.

Evatt married an American, loves American baseball, collects American books. At the age of 36 he was a member of the Australian supreme court, since 1940 a labor member of the Australian parliament, since 1941 foreign minister of his country.

JAP APPEASEMENT

In London, the Brazil don't particularly like Evatt, consider him too pro-American. On one thing, however, he emphatically disagrees with the U.S. the future of Japan.

En route to New York, Evatt stopped in Tokyo, visited General MacArthur. It was predicted the sparks would fly. For Australia, fearful of another Japanese invasion of the South Pacific, is harsh in criticising MacArthur's so-called Japanese appeasement.

LYNCH REPORT ON INCORPORATION

That a street shade tree planting project be undertaken and observed each year. Service clubs, veteran organizations, Chamber of Commerce, womens' clubs, etc. could be sponsors. The County Planning Commission will study and recommend appropriate shade trees for planting in the parkways of streets almost devoid of trees.

That the Fire District, by authority of Section 19484, Health and Safety Code of California, 1945, order the removal of rubbish, litter, or other inflammable material which endangers the public safety by creating a fire hazard, employing an inspector for such purpose if deemed necessary and funds permit.

That the Fire District endeavor to eliminate the jogs in its boundary lines, thus ending the possibility of irregular boundary lines causing confusion or question at time of fire as to whether border property is in the Campbell Fire District or the County Central Fire District. The 1947-48 tax rate per $100 of assessed valuation in the Campbell Fire District is $0.325 and in the adjoining County Central Fire District $0.363, so property owners affected should not have objection to inclusion in the Campbell Fire District because of cost.

That responsible County officials enforce the laws pertaining to housing, etc., and thereby effect improvement in the area bordering on the Westerly bank of the Los Gatos Creek Southrly from Campbell Avnue.

That owners of property and businesses in the central business district be concerned about the forthcoming need for off-street parking facilities. Also, the improvement and use of the existing alleys for loading and unloading of merchandise, thereby facilitating the free movement of vehicular traffic. Employers and employees should be encouraged to park their motor vehicles off-street so that prospective customers can conveniently park their motor vehicles in the central business district.

CONCLUSION

In "Forecasting A City's Future," California State Reconstruction and Re-employment Commfssion, 1946, it is stated:

"The United States is dotted with cities-that-were and cities-that-might-have-been. * * * A community's fate, to a large extent, is in the hands of all its people.

"As with individuals, objective self-appraisal, and unremitting constant search for larger opportunities are the avenues to growth and development for any city."

Assistance rendered by State, County and City officials in the preparation of this report is gratefully acknowledged.

POLICE DISTRICT

(Sections 20000 to 20142, Health and Safety Code of California, 1945)

In that Campbell now has only the police protection afforded by the Sheriff of the County and the Constable of Campbell Township, it is appropriate to set forth some data on the formaion of a Police Distrit.

Particularly pertinent sections are:

Section 20025. Any unincorporated town may, pursuant to this article, be formed into a district for equipping and maintaining a police department to protect and safeguard life and property.

Section 20026. Proceedings for the formation of a district are initiated whenever 50 or more persons who are taxpayers and residents of an unincorporated town present a petition to, and at a regular meeting of, the board of the county in which the town is situated. The petition shall contain:

(a) A statement of the name and boundaries of the proposed district. (b) A request for the formation of the district.

Section 20027. The board shall fix a time and place for hearing the petition and all protests against it. The hearing shall be not less than 25 nor more than 30 days after the date of the presentation of the petition.

Section 20060. A district shall be governed by a district board of three commissioners, each of whom shall be a resident of the district.

Section 20061. Within 30 days after acquiring jurisdiction to proceed further, and at the same time as, or after, the adoption of the order establishing the district, the board shall appoint the first commissioners of the district. Each of such commissioners shall hold office until the second Monday in April next after his appointment, and until his successor is elected and has qualified pursuant to this article.

Sectio 20110. Any amount of money raised for the establishment and equipment of a police station in a district by a special tax levied pursuant to this article shall not exceed in any one year 1 per cent of the assessed valuation of the taxable property within the district.

Section 20111. Any amount of money raised for the maintenance of a police department in a district by an annual tax levied pursuant to this article shall not exceed in any one year one-half of 1 per cent of the asshessed value of the taxable property within the district.

MAJOR STREETS

Planners have studied and are convinced of the need for the early widening of Campbell Avenue from the San Jose-Los Gatos Road to the Santa Clara-Los Gatos Road; Hamilton Avenue from the San Jose-Los Gatos Road to the Santa Clara-Los Gatos Road; and the Santa Clara-Los Road southerly from Hamilton Avenue.

The widening of Campbell Avenue is most important and presents a major problem because a portion thereof proposed to be widened is fronted by commercial and industrial establishments. If this portion is not widened, with the ever increasing volume of vehicluar traffic on Campbell Avenue, a bottleneck will develop. Then, it is reasonable to assume, motorists desiring to avoid the bottleneck will use Hamilton Avenue or other routes, thus by-passing the present central portion of Campbell.

It is difficult to determine the influnce that the construction of Route 5 (state highway) to a junction with the San Jose-Los Gatos Road at Casey Road will have on Campbell. Certainly, by reason of Campbell being so close to such a state highway, with adequate directional signing, out of county mororists should not experience the difficulty now reported in finding Campbell.

STORM WATER DISPOSAL

By reason of the developing of new residential areas, building of new commercial establishments, and building of new homes in the central portion of Campbell, there is the necessity for the collection and disposal of storm water falling on roofs, paved areas, etc.

If this is not done and seasonal rainfall is normal, much inconvenience and discomfort can be expected.

The storm water system would collect the storm water at catch basins for disposal through mains into the Los Gatos Creek and San Tomas Acquinas Creek.

Section 6512 of the Health and Safety Code of California, 1945, empowers the Campbell Sanitary District to provide such a system.

PARKS AND RECREATION CENTERS

Campbell is fortunate to have had and now have farsighted school planners who have, with rare vision, provided the grammar school and the high school with more than average area for recreation use. It would be well to acquire adjoining lands, while available to meet future needs.

Need for a recreation center in the Eastern area of Campbell, which comprises in large part the earliest residential development, is clearly evident.

It has been suggested that ways and means be provided for the acquisition of the lands bordering on the Los Gatos Creek channel on the West and Southerly from Campbell Avenue for a recreation center, the other land being in private ownership.

If the Lexington Dam is built on the Los Gatos Creek, then fuller development in the wide channel of the Los Gatos Creek could be undertaken.

Such a recreation center would serve as a center for the entire family, with spaces of open greenery on the bank and in the channel family picnic areas which are such an important source of relaxation to men and women working under the high tension of modern life. There could be courts and areas where organized games could be carried on, and spaces set aside for the safe play of small children, with the necessary apparatus for such play. An outdoor swimming pool would be a very desirable facility.

With such a center in the Eastern area of Campbell, recreation would then be within easy reach of each home. Further, it should contribute materially to the rehabilitation of the area in close proximity thereof.

The importance of wholesome, supervised play as a means of counteracting the unwholesome attractions which impel children and youth toward juvenile delinquency, is so well recognized as hardly to need comment. At long last, the adult world is awakening to a realization that, without even taking the human cost into consideration, it is cheaper to provide the right type of recreatoin than to build corrective institutions. Delinquency can be prevented; it is not often cured.

Editorials have appeared from time to time in newspapers of the county, particularly the Mercury Herald-Evening News, urging the formation of a county recreation system. It is not being unreasonable to expect that Campbell should merit priority if such a system is adopted, for the need of and opportunity to develop an initial model project are present.

ZONING

In the central portion of Campbell there is unnecessary obsolescence and neglect of residential, commercial and industrial property.

New residential areas meet high standards.

The area zoned for commercial us should be adequate for some years. There should bs great hesitancy about permitting commercial use elsewhere in the trading area of Campbell until it is manifest that the present commercial area cannot adequately serve the trading area.

In the central business district there is evidence of the need for modernization. Public utility poles on Campbell Avenue in the central business district should be removed and the facilities put underground. Gasoline pumps and other obstructions on the sidewalks should be removed, thus improving the appearance of the business streets.

It is the opinion of authorities questioned that Campbell by reason of location should not expect to become an industrial center. The factors generally acknowledged as essential to the attraction of desirable industry in the Santa Clara Valley are immediate proximity to state highways connection San Francisco and Los Angeles, assurance of ample and uninterrupted supply of natural gas electric power and water, and adequate sewage disposal facilities.

Many feel that the goal of Campbell should be to become a city attractive to the home owner of more than modest means, a commercial center for a large trading area, a center for handicrafts, with particular appeal to those interested in building for themselves and others a city sanitary, convenient, substantial, where the sky line is clear as the country air. However, if an industry which would not cause odor, dust, smoke, gas, noise or vibration in the neighborhood, or excessive industrial waste disposal to burden the sewer system and deplete the water supply, proposed to erect a Class A plant employing highly skilled and paid personnel, I am sure funll community support would be accorded such an industry.

RECOMMENDATIONS

That a "Better Homes and Garden Week" be observed each year to encourage the restoration of homes bordering on obsolescence. The observance should feature a model restoration project.

That the County provide for the convenient disposal of rubbish and thereby terminate, in large part, the unsightly littering of roads and streams with tin cans, automobile fenders, etc. (It is by ordinance unlawful to place or throw, or cause to be placed or thrown upon any road within the County any brush, timber, lumber, juk, cans, bottles or carcass of any dead animals. A reward of $50.00 is offered by the County for the arrest and conviction of any person violating such ordinance).

WE'RE TALKING "COLD TURKEY!!"

A Heart to Heart Message to the Public

WE'RE ashamed of the high prices we must charge for meat. Yes, that's right! We blush every time we ring up a meat sale. It's getting so bad that even if we sold at a loss, our meat would still be over-priced.

Please do not misunderstand us. You know and we know that no other store in this part of the state sells better meat at LOWER prices, grade for grade, than we. But no matter WHERE you shop, the old saw of "bringing your money in a bushel and taking your purchases home in your purse" is tragically true.

Fellow Americans, this is not good. No honest retailer is happy over this situation.

And so we humbly suggest that you plan your meals, if possible, to include less and less meat. Our economic system is still sound, still the best in the world, still based upon the law of supply and demand. But if we see to it that demand drops, we thereby shall see to it that prices must drop.

If you are fortunate enough to have a locker here, elsewhere, or own a home freezer you may still be able to store home-raised meats at fair costs. If you must absolutely have meat, you can buy it from us at prices that are as reasonable as can be found.

Costs show no signs of immediate decline. Until they do, and while a porterhouse remains a collector's item to be prized as Lincoln's autograph might be prized, we must try to help the economic forces that will help to bring prices down again to help ourselves.

Lake Tahoe Honeymoon

Mr. and Mrs. Robert Marion Barton honeymooned at Lake Tahoe after the "recent exchange of wedding vows in Calvary Methodist Church, San Jose. Mrs. Barton is the former Miss Beverly Ann Suess of Campbell and the daughter of Mr. and Mrs. Vernon Suess.

For the ceremony the bride wore a white slipper satin gown accented by a peplum and a marquisettte yoke which was edged with a wide ruffle of Brussels lace. Her gown had a basque bodice and was cut en train. A tiara of delphinium and orange blossoms held her lace-edged veil and she carried a white prayer book covered with white butterfly orchids and delphinium streamers.

Rev. James H. Strayer officated at the candlelit service which was held at 8 p.m. The bride was given in marriage by her father, Vernon Suess.

The bridesmaids dresses were gowned in varying shades of green taffeta which were styled with bustles and short trains, accented by gold chokers, gifts of the bride. They carried bouquets of white chrysanthemums and magnolia leaves. Bridesmaids were the Misses Berverly Baird, Joan Harris, Cecelia Pettis and Elizabeth Peterson. Mrs. Edwin Loudon, sister of the bride, served as matron of honor. Little Miss Margie Wilson, in a white taffeta ensemble fashioned like the brides', scattered white and yellow chrysanthemums petals before the bride.

Mrs. Suess wore a forest green gown complemented by a gold and green ribbon hat. A powder blue gown with black accessories was chosen by the bride groom's mother. They wore corsages of butterfly orchids.

Serving as ushers were Bill Shaw, Floyd Hobbs, Hugh Johnston and Jerry Brown. Duties of the best man were performed by Jack Reiserer.

A reception was held at the San Jose Women's Club. For her going away costume the bride changed to a burgundy suit with a gray beaver hat with black accessories, and a corsage of white orchids.

The bride groom is the son of Mr. and Mrs. Lynn Barton and attended San Jose State College. The couple are making their home in San Josce. Mrs. Barton is a graduate of Campbell Union High School.

Pfc. Livingston Serves In Tokyo

With the Eighth Army in Tokyo, Japan—Pfc. Charles Livingston, of Campbell, Calif., is now serving with the famed fighting First Cavalry division, which is on occupation duty in the ten prefectures of the Tokyo-Yokohama area. This division fought all the way from Australia in the Pacific campaign of World War II, and was first in Manila and first in Tokyo.

A former employe of the North Garage, Campbell, Pfc. Livingston entered the army in September, 1946, and received his basic training at Fort Knox, Ky.

Overseas since December, 1946, he is taking advanced training in "C" Troop of the Eighth Cavalry Regiment. His parents, Mr. and Mrs. Charles Livingston, live at 346 N. Harrison street, Campbell.

The First Cavalry division is commanded by Major Gen. William C. Chase. It is part of the Eighth Army, which is under the leadership of Lt. Gen. Robert L. Eichelberger.

Campbell Court Notes

By Judge Blaine

This man, bright looking, about 35, former orderly at our County hospital, had been arrested for leaving his job with hospital hair clippers valued at $15. He denied intended theft, employed an attorney and stood trial.

On the stand he claimed he'd accidentally broken clippers and had sent them to San Francisco for repairs. He now had them back, ready to return whole. Since no evidence refuted this story, the Campbell judeg found defendant not guilty and hoped the incident would be a good lesson to him.

But there was more. The hospital business manager introduced an orderly from whom defendant had borrowed a $35 watch. Defendant explained he'd given watch to a friend to return, was astonished that owner didn't have it back, would attend to matter at once.

But there was still more. A former patient was introduced who had given defendant $45 cash to turn in at the office. But cash had disappeared. Defendant, seemingly astonished, said he'd turned in the cash but had no proof, since a receipt wasn't always given. However, defendant would be a good fellow and restore cash from due wages.

Defendant's attorney, still having faith in his client, agreed to see that all promises were kept. Defendant was released from custody and he and his attorney left together.

Two days later the attorney telephoned that his client had disappeared, leaving in attorney's office two suit cases perhaps also borrowed. Two new complaints for theft were signed and two new warrants issued, one from Santa Clara, where defendant had "borrowed" the suit cases.

Defendant was re-arrested while working in a hospital in San Francisco. He pleaded guilty in Campbell court and was found guilty on trial in a Santa Clara court. He was sentenced to 90 days at the Jail Farm by each court. All property was recovered, even the cash.

Who learned most from all this and who is least likely to repeat? The Campbell judge isn't betting on the defendant.

Queen To Be Named Soon

Santa Clara is waiting to see who the winner of the queen contest will be when Earl Carroll names the girl who will preside over the big three-day YMI Columbus Day Celebration. Afterward the queen will go to Hollywood on a Southwest Airways plane for three days of parties and personal appearances.

Larry Marsalli, celebration chairman, today announced that the committee is looking for amateur talent to participate in the amateur contest which will be a featured part of the program for the opening night of the celebration, Oct 10.

The fiesta will begin with the traditional Baby Parade at 6:00 p.m. Afterward the crowd will gather in the center of Santa Clara where there will be fun booths, ferris wheels, whip-rides, merry-go-rounds and rides for children.

A stage will be set up on Franklin Street in the center of town, and folk dances, quizes for the audience and amateur numbers will be featured as part of the evening's entertainment.

Amateur singers, dancers, musicians and novelty acts should get in touch with Marsalli at 832 Market Street for particulars of the contest and to arrange for auditions

S. J. State Begins 90th Year

San Jose State college, California's oldest publicly-supported institution of higher education, began its ninetieth year Wednesday. An enrollment of 6750 is predicted by Registrar Joe H. West, or about 1000 more than last year's maximum. The faculty will number 300 this year, including fifty who are joining the teaching staff for the first time.

Odako Group Elects Officers

Officers were elected at the last meeting of the Odakho Camp Fire Group, whose guardian is Mrs. G. K. Schrader. Chosen to lead the group's activities for the ensuing semester were Joan Lapman, president; Elizabeth Atkinson, secretary; Beverly Plymale, treasurer; Mary Ellen Bush, scribe, and Myra Jean Van DeMark, sargeant-at-arms.

The group decided to earn their own money by selling Christmas cards.

Miss Edith Titcomb, member of the Santa Clara County Council's committee of awards, recently passed four girls for their Woodgatherers rank, second rank of the Camp Fire Girls. New Woodgathers are Carol Knutson, Myra Jean Van DeMark, Noda Stepovich and Carole Schrader. Girls passing the first rank of Trailseeker weer Margaret Rowe and Joan Lapman.

RECOVERING FROM OPERATION

The many friends of Mr. and Mrs. John Schneider will be pleased to learn that Mrs. Schneider is making satisfactory progress after a serious operation. She hopes to be at home in the near future.

Improvement Club Social Meeting

Mr. and Mrs. Don Lukehard were hosts Friday night to members of the San Tomas Improvement club meeting for its first social of the season. Special guests were Mr. and Mrs. Bob Raker and following the weiner roast and pot luck supper the guests were entertained by Raker who performed several magic acts. Games were conducted by Mrs. Fred Carson.

Prizes for the cleverest bathing suit were won by Miss Kay McGraw, granddaughter of Mr. and Mrs. C. K. Wilson for the girls and Orland Munroe for the boys.

Mrs. H. G. Blohm, Mrs. L. A. Orford, Mrs. George Constantine, Mrs. Frank Welsch and Mrs. Don Lukehard made up the committee on arrangements.

CHURCH MEMBERS ENJOYS PICNIC

Members of the Assemblies of God church enjoyed a picnic at Alum Rock park Saturday under the direction of Rev. Herbert Johnson. The group chartered a bus for the trip.

DONATIONS ASKED

H. M. Shadle, 4 Alice Way, and Laurance Hill at the Campbell Union High school, have been named receivers of any volunteer donations to help defray the promotion costs and costs of a proposed election for a West Valley Hospital. Donations in any amount are being asked, in order to bring the matter to the ballot.
